---

- Specter Shield Metal
- 2x Smartcard (optionally disguised)
- Cable
- SD card
- 2x Backup Stack mini (for seedphrase)
- 5x Tamper-Evident Bags
- High-quality pouch

## 2. Battery and charging

---

Only charge the device using the cable supplied (lower port) and a CE-certified standard USB power supply (5V DC, min. 500mA).

### Specifications

---

Charging time / battery life: 3.75 / 4.5 hours

LED next to charging port: Red = charging, Off = fully charged

Do not attempt to replace the battery yourself or open the device. This may cause damage and will void the warranty.

### 3. Technical data

- Battery: Lithium polymer, 3.7 V
- Specter Shield Metall weight: 248 g

### 4. Disposal & environment

#### Electrical waste disposal (WEEE)

This device is an electrical appliance and must NOT be disposed of with household waste. Return the device to an authorized collection point for electrical waste or to the dealer. Environmentally friendly disposal protects the environment and your health.

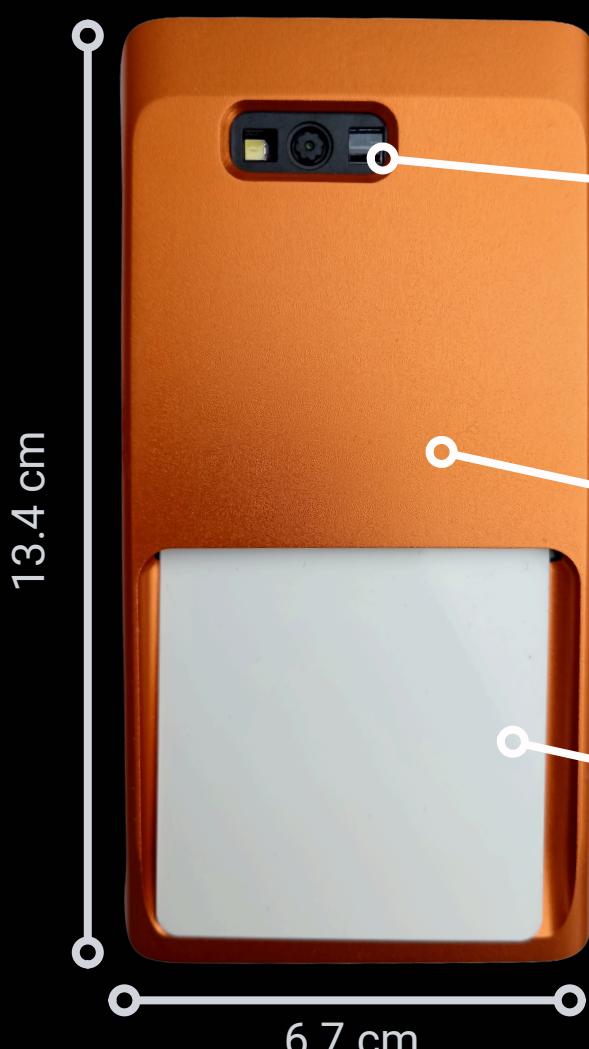

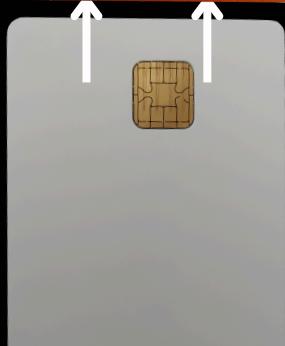

#### Battery disposal

The built-in lithium polymer battery must be removed before disposing of the device and belongs in a battery collection point—not in household waste.

Information: [www.stiftung-ear.de](http://www.stiftung-ear.de) (Germany) or your local waste disposal center.

Complies with EU Directives 2014/30/EU (EMC) and 2011/65/EU (RoHS). EU Declaration of Conformity available on request.
